Our chemical ranges have been specifically designed to give our clients a comprehensive range of chemicals that is tailored for use in our dispensers. We have taken great care in selecting only the best quality products that can be suitable for a wide range of different applications and target markets. All our chemicals are manufactured with the environment in mind and making them biodegradable and sustainable is important to us. Our chemicals are free from phenols and phosphates, which can influence chemical oxygen demand (COD) in water. Available in a wide range of packaging options, from our soap dispenser sachets to larger bulk sizes of 5L or 25L if a top up option is required. Our hand-care range of washing and hygiene sanitizers are PH balanced for frequent and continuous use.

HIGI-FRESH

Our Higifresh range of chemicals are designed for use in cases where additional certification and specialised formulations are not needed.

HIGIFRESH FRAGRANCE FOAM SOAP (LIGHT BLUE)

Higifresh fragranced foam soap is a water based, non-viscous, high foaming synthetic hand soap with a lasting fragrance. It is formulated with mild surfactants and added moisturizers to make this soap ideal for every day use. Our foam pumps generally dispenses 0.4ml's per dispense providing a cost effective hand cleansing solution.

HIGIFRESH PINK AND PEARL LIQUID/GEL SOAP

Higifresh Pearl soap/Higifresh Pink soap is a fragranced, water-based gel soap that cleanses your hands and skin. It's made with neutral compounds and is non-toxic, so it cleanses without irritating the skin. In addition to its gentle cleaning abilities, pearl soap contains added glycerine to keep your skin soft and smooth after you wash. This hand soap will also dispense 1ml per dispense in most of our soap dispensers.

HIGIFRESH EVERYDAY SPRAY SANITISER

Higifresh everyday spray hand sanitizer is the perfect alcohol-based solution with biocide for frequent and continuous hand sanitizing where additional certifications are not needed. Our product is manufactured with only highly distilled alcohols and is free from methanol, hexane, acetone, ethyl acetate, methyl ethyl ketone and other impurities including non-distilled ethanol. In spray dispensers using pumps specifically made to dispense a fine mist 0.4ml approximately will be dispensed at a time.

New! HIGIFRESH SOFT LUXURY FRAGRANCED FOAM SOAP

We have recently added a luxury foam soap to our range. Higisan soft luxury foam fragranced soap is a high-quality soap that gives you more than enough soap per dose, leaving a strong fresh fragrance that lingers well after washing. Higisan's formulation is ideal for sensitive skin—ideal for frequent washing. This soap is enriched with added conditioners to smooth and soften skin and the luxurious foamy consistency adds that touch of luxury to your hand washing experience

HIGIFRESH HAND LOTION

Higifresh hand lotion cream is a paraben-free daily moisturising lotion that can be used to add that extra bit of hydration and softness to the skin after cleansing. This lightweight, fast absorbing formula contains apple flower fragrance, that will leave the skin smelling fresh and soft long after use. 1ml will be dispensed with our gel type dispensers and pumps.

HIGIFRESH DISHWASHING LIQUID

Higifresh dishwashing liquid is a general-purpose cleaner formulated for use in our dispensers in canteen and kitchen areas without causing clogging of pumps. This non-toxic, biodegradable and green lemon-scented formula is safe to use on dishes and other surfaces. 1ml will be dispensed with our gel type dispensers and pumps

HIGIFRESH SHOWER GEL

Higifresh shower gel is a gentle shower and bath soap designed for daily use in our dispensers. This product is great for use in gyms, locker rooms, and other areas where you need a strong, fragrant soap. It's made with a formula that contains no harsh chemicals, so it's safe for all skin types. 1ml will be dispensed with our gel type dispensers and pumps

HIGI-SAN

Our Higisan range of chemicals are manufactured to compliance of FOOD GRADE / EN 1276 / SANS standards. Certification is essential within the food industry where-by compliance with HACCP / ISO 22000 is a pre-requisite. Our range of certified products are independently tested and verified by an international certification body. These certification are available on request. Some products in the Higisan range may not require certifications, how-ever we remain committed in ensuring compliance to the highest specification and / or minimum standard as set out.

HIGISAN ANTIMICROBIAL FOAM SOAP - FOODSAFE

Higisan antimicrobial high foaming hand soap is a water-based cleaner that's safe to use in your pack house or other food manufacturing facilities including back of house food prep areas. This soap is free from quaternary ammonium compounds (QAC) and is certified EN1276 FOOD GRADE , making it an ideal choice for commercial kitchen and restaurant use. Higisan high foaming antimicrobial hand soap also complies with all SABS standards SANS 1828 and SANS 1853 for use in the food industry. 0.4ml is dispensed at a time.

HIGISAN ANTIMICROBIAL GEL SOAP - FOODSAFE

Higisan antimicrobial gel hand soap is a water-based cleaner that's safe to use in your pack house or other food manufacturing facilities including back of house food prep areas. This soap is free from quaternary ammonium compounds (QAC) and is certified EN1276 FOOD GRADE , making it an ideal choice for commercial kitchen and restaurant use. Higisan high foaming antimicrobial hand soap also complies with all SABS standards SANS 1828 and SANS 1853 for use in the food industry. 1ml is dispensed at a time.

HIGISAN SANITISING SPRAY - FOODSAFE

Higisan sanitising spray is a unique, waterless hand, surface and seat sanitising spray for use in the food industry. It is alcohol based with a biocide additive to provide long lasting protection against bacteria, viruses and other microorganisms. Higisan sanitising spray is certified EN1276 FOOD GRADE / SANS 490 and complies with SABS / SANS 1853 : 2020. Our product is manufactured with only highly distilled alcohols and is free from methanol, hexane, acetone, ethyl acetate, methyl ethyl ketone and other impurities including non-distilled ethanol. In spray dispensers using pumps specifically made to dispense a fine mist 0.4ml approximately will be dispensed at a time

FRAGRANCE REFILLS		MaxBurst 3000		MaxBurst 6000
Fragrance	Description	250ml x12 Refills per Case PRODUCT CODE	75ml x12 Refills per Case PRODUCT CODE	250ml x12 Refills per Case PRODUCT CODE
Orchard Dew	Fresh ozonic aldehyde notes with juicy peach lead into floral rose, jasmine and green lily, resting on marine, wood, vanilla and musk.	00956	00950	00962
Jasmine Rayne	Fruity peach with ylang-ylang and lily of the valley bloom into linden blossom, heliotrope, jasmine and rose. Settled on honey, musk, woody, sandalwood.	01109	01108	01110
African Amber	Almond, pineapple, lemon & honey layered over green, rose, spicy & solar accords with a patchouli, vanilla, coumarin & musk finale.	01111	00742	01113
Rustic Willows	Fresh opening citrus notes mingle with rustic lavender, cardamom & blackcurrant on jasmine, rose, nutmeg, and sandalwood with a moss, musky background	01115	01114	01116

Page 22

Berry Blast	Fruity notes of orange, apricot, strawberry & raspberry rest on jasmine, rose and grape; over vanilla and woods.	00957	00951	00963
Marine	Fresh lemon, peach and apple notes swell into pineapple, aquatic and orchid resting on a bed of dry woods & musk.	00191	00169	01112
Coral	Refreshing bergamot & lemon develop into green, rose and orange blossom; warming gradually into woody, mossy musky notes.	00189	01117	01118
Vanilla Cream	Edible notes of fresh whipped cream topping a sweet sugary filling on a soft vanilla base.	00202	00180	00180
Devotion	Fresh aldehydes, citrus & green notes open this fragrance, leading to florals, rose and cedar layered on oud wood, amber, musk & moss notes	00954	00948	00960
Amore	Floral oriental with aldehydic, fresh lemon top notes on orange blossom, jasmine, rose & violet resting on powdery musk & vanilla.	00953	00947	00959
Blue Savannah	Lemon, mandarin, aldehydes, cassis & liquorice soften into geranium, violet, lavender, patchouli & incense on vetiver, tonka bean, vanilla & amber.	00958	00952	00964
Night Shift	Aromatic mint, green, lemon & lavender flow into white flowers, rose, jasmine & aquatic notes which, in turn, mature into sandalwood, amber, vanilla & musk.	00955	00949	00961

TOP-UP OPTIONS

Top-Up Options are a brilliant way to refill your dispensers using our bulk options as opposed to our conventional pouch options.

Top-Up dispensers have become the norm in high traffic areas, these might include Arcades, Malls, Hospitals and Schools to mention a few. Options are available for manual and automatic dispensers (A select few)

PEST CONTROL

Forza Kill Bait Station is an essential pest control tool for both indoor and outdoor use in rodent control programs and supports HACCP guidelines. Before any bait placement is made it is necessary to conduct a site survey to determine the nature and the extent of the infestation.
